(707) 570-7698 | cruzaquinoalexis@gmail.com | <https://www.linkedin.com/in/alexis-aquino-cruz> |

EDUCATION

Roseland University Prep

High School Diploma

TECHNICAL SKILLS

Software: Microsoft Office, Drupal, Figma, Visual Studio, GitHub

PROFESSIONAL EXPERIENCE

Web Media | UC Merced - Student Affairs | Media Cats

Merced, CA

Web Designer

April 2023 – March 2024

- Created, maintained, and designed content of websites for over 20,000 both prospective and admitted students. Served as an editor of UC Merced's Undergraduate Admissions and Students Admitted page through Drupal.
- Worked with a collaborative team in photography, videography, and content creation/management for prospective students to represent UC Merced globally. Supported organizations, clubs, or students that request to manage their websites or other services.
- Helped in creating a full website for UROC (Undergraduate Research and Opportunities Center) by mainly integrating pure HTML and CSS.

TECHNICAL PROJECTS

Web Development

- Self-taught learner of the basics of HTML, CSS, and JavaScript code to develop a website.
- Allocating space and time to expose myself to more languages and learn front-end and back-end development.
- Built my portfolio website using HTML and CSS, which can be found ([here](#)).

UniFoodi

Merced, CA

Front-End Developer

March 2024 – Present

- UniFoodi is a project that aims to reduce food waste at UC Merced. Stations around campus will be held for students to drop off leftover edible, clean food for other students who are interested in taking food for themselves. A live camera is displayed over the station for students to view online of the currently offered food.
- Serving as a front-end developer utilizing HTML and CSS. The site is mobile responsive and able to display a live camera feed for the stations.

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Management Leadership for Tomorrow

Career Preparation Fellow

February 2024 – December 2025

- Selective professional development program for high-achieving diverse-talent of students.
- Complete business case studies and assignments to grow leadership and technical skills.
- Attend conferences hosted by industry leaders such as Deloitte, LinkedIn, and Target.

National Science Foundation's Innovation Corps

Merced, CA

Tech Innovator

August 2022 – September 2023

- A national organization, entrepreneurial training program to execute the transformation of invention to impact.
- Gained networking skills to engage with experts in the business and tech industries.
- Attended the 2022 TechCrunch Disrupt event in San Francisco to network with start-up companies, immerse in panel discussions, and learn more about different industries.
